"J & P Preferred Stock"

Bulletin No. 5

MARCH, 1919

Issued March 29, 1919

TO THE TRADE ONLY

A plain, unvarnished list, without pictures, frills or furbelows but showing the varieties, grades and quantities for sale at date of printing.

Jackson & Perkins Company

Newark, New York

TERMS AND CONDITIONS OF SALE

This list cancels all previous quotations.

TERMS. Usual terms of 60 days, to those of established credit or whose responsibility is known to us. Cash, security, or satisfactory references required of unknown parties.

ORDERS must be made up in 10s or multiples of 10 at these prices.

GUARANTY. All agreements and contracts are made subject to loss of stock by drought, floods, fire, insects or any other unavoidable causes. We give no warranty, express or implied, as to description, quality, productiveness or any other matter of any nursery stock, seeds or bulbs we sell, and we will not be in any way responsible for the crop.

CLAIMS, for any cause, must be made promptly on receipt of goods.

NOTICE. We have always made it prominent in our printed terms that our goods are sold F.O.B. the cars at point of shipment and are at the purchaser's risk while in transit. Because of the present unsettled conditions we wish to emphasize still further that we do not guarantee safe delivery. The ownership of all goods sold by us passes to the purchaser on delivery by us to the carrier and the issuing of a receipt by the carrier ends our responsibility. And claims for damage should be made promptly to the agent at the point of delivery.

Boxes will be charged for at the rates noted below. We are obliged to make some increases in our box charges this season, because of the very great advances in the cost of lumber, nails and labor. The increases do not really cover the increased cost to us.

10 ft. 30 in. x 30 in. \$5.00	10 ft. 24 in. x 24 in. \$4.00	10 ft. 18 in. x 18 in. \$3.25
10 ft. 28 in. x 28 in. 4.80	10 ft. 22 in. x 22 in. 3.75	10 ft. 14 in. x 16 in. 2.75
10 ft. 26 in. x 26 in. 4.40	10 ft. 20 in. x 20 in. 3.50	10 ft. 12 in. x 14 in. 2.25

Add 50c on all sizes of 12 ft. boxes; decrease in same proportion for shorter boxes.

BALES will be charged for at actual cost of material used.

EVERGREENS

We have unwittingly allowed our assortment of Evergreens to become somewhat depleted, as a result of the extraordinary demand during the last two years. However, the varieties offered below can be furnished in thrifty, shapely, well furnished stock, all of which has been transplanted at least twice, and much of it has been root-pruned in addition.

YOUNG STOCK FOR NURSERY PLANTING

CONIFERS

Well established plants from 2½ inch pots. Ready for delivery about May 1st

We have lately taken up the propagation of Conifers, and have been very successful with it. We offer, for delivery this spring, the following list of plants from 2½ inch pots, propagated early in the winter and well established by May 1st:

ROSES, Dormant Plants from 2½ inch Pots

The above roses were propagated last summer and have been carried over the winter in dormant condition. We find stock of this sort can be safely planted in the fields very early in the spring, and it gives much better growth than do plants from green houses, which necessarily cannot be planted until danger from frost is over:

\$4.00 per 100; \$35.00 per 1000; Except as noted

- 3000 Aviator Bleriot, a Wichuriana Hybrid of fine saffron yellow color, with golden yellow center. Promises to be decidedly the finest rose of this class, \$6.00 per 100
- 5000 Dr. Van Fleet, beautiful flesh pink climbing rose. Flowers four inches or more in diameter, delicately perfumed, long stems, pointed buds, \$6.00 per 100.
- 5000 Excelsa (Red Dorothy Perkins), rapidly superseding Crimson Rambler, identical with Dorothy Perkins, except in color.
- 5000 Goldfinch, buds deep yellow, change to cream color in open flowers; about the best of the yellow ramblers.
- 4000 Silver Moon, flowers exceptionally large, semi-double, with rich golden stamens, beautiful bronzy green foliage, \$6.00 per 100.
- 2500 Trier, creamy white, edged fawn color. Gives some bloom throughout summer and late fall.
